FINAL AND OFFICIAL REPORT PAGEANT WEEK FROM GULF COAST AREA

General Meeting of All Chairmen at Gulfport Friday Night—Seven-Cities-by-the-Sea Ready to Repeat Pageant For Next Year—Success Crowned All Efforts—Over \$5,000 Publicity Secured for Mississippi Coast Country.

The Mississippi Gulf Coast Pageant Committee met Friday A. M. at the Great Southern Hotel in Gulfport, for the final check-up of Pageant Week activities, and information as to the out-come of the first celebration staged by the Seven-Cities-by-the-Sea.

All members of the committee were present. Mrs. Charles McDaris, general chairman, reported that Governor and Mrs. Hugh White had expressed themselves as highly elated and charmed with the program in its entirety from Ocean Springs to Waveland, and hoped that it would be an annual event. All mayors and members of town and county boards who participated in making the event a success were lauded in their praise and many of them are already considering ways and means whereby each activity may be improved, and some have asked that more time be given the coast for these spring pageants.

Members of each of the Biloxi and Gulfport pageants have expressed the desire to have next year's celebration at a later date.

A book of newspaper and magazine clippings, worth \$5000.00 or more in advertising to the coast was exhibited. This it was stated represented not more than half of the publicity secured through the press as the direct result of this first venture.

Mrs. A. M. Fishburn, committee treasurer, reported that when all funds promised were in she would be able to pay all bills in full, with perhaps a small surplus.

Mrs. Horace Gladney, of Ocean Springs, reported the most amazing success ever experienced from a division of the pageant. She stated that she had stated emphatically that Ocean Springs would repeat their pageant. The Landing of d'Iberville, next year.

Mrs. F. B. Royster, Biloxi, said that a complete check-up had not yet been turned in but that general comment indicated that the programs had all been well received, the pageant Biloxi Under Seven Flags and the Skipperettes tour receiving especial praise. Mrs. A. V. Ragunin gave an interesting report of the happy time the Irish Tea, with folk music and dancing. The tours included the stop at Slavonian Hall where guests were entertained with special program. The Veterans Facility reported many out-of-state cars during all three days of Pageant Week. Mrs. J. R. Beeman reported all coast drivers of the Confederacy looking forward to receiving at Beauvoir in 1940.

From Bay St. Louis and Waveland, Mrs. Leo W. Seal and Mrs. George R. Rea brought many exciting, unusual and interesting stories of happenings. They stated that all citizens of the twin cities were loud in praise of their entire program and that plans were going forward apace for the repetition of all of this year's entertainments and many additional ones.

Mrs. H. H. Jones, Gulfport reported that she had heard nothing but loudest praise for all activities in Gulfport. The Water Pageant was the outstanding event, and was most spectacular and unusual. The Yacht Basin, where this pageant was staged, proved to be an ideal spot for such an affair. The American Legion and Legion Auxiliary were well pleased with response received and anticipate repeating their programs next year. She also reported that hotels, restaurants, filling stations, realtors, tourist camps and practically all business houses had reported increased business over the week-end, much of which was attributed directly to Pageant Week programs.

Mrs. J. C. McKenna reported for the Flower Show at Gulf Park College, her report is as yet incomplete but most satisfying and encouraging. It seems to be the general consensus of opinion that this was of especial merit.

Mrs. W. B. Price and Mrs. D. G. Rafferty reported a great deal of enthusiasm in Pass Christian over Pageant Week. The major pageant, "The Return of General Taylor" staged on the Dixie White House gallery was an outstanding spectacle, and other events in the "Pass" most meritorious.

REPORT OF GRAND JURY

Examined 135 Witnesses in Eleven Days—Report 16 Indictments.

With Lamar Otis, of Logtown, as foreman, the grand jury, Hancock county spring term circuit court, has adjourned after 11 days in session and examining many witnesses, reporting sixteen indictments.

Report calls attention to many phases of law violations; examination of courthouse and jail reveals buildings in splendid condition, however, a few minor repairs are recommended.

The official report follows: Hon. L. C. Corban, Judge: We, the Grand Jury, empaneled at and for the regular March 1939 Term of Circuit Court of Hancock County, beg to make this our report.

We have been in session 11 days, have examined 135 witnesses and returned 16 indictments.

We found an unusually large number of cases on the Grand Jury docket for investigation, and we have examined into these and many other matters brought to our attention. We are of the opinion that many young men and boys under 21 years of age are in the habit of attending certain dance halls in the County, where they drink intoxicating liquor, often get drunk and cause disturbances, which lead to other more serious violations of the law. We also find that minors have been allowed to get whiskey and play slot machines at certain places. We earnestly request that the law against the sale of intoxicating liquor and the operation of slot machines be strictly enforced and that the peace officers of the county do what they can toward properly regulating the running of dance halls.

Many witnesses before us have complained of the custom in and around Bay St. Louis of demanding and collecting certain sums of money from beer saloons and other like places, which sums of money were collected to be paid to the Kings Daughters Hospital. It is our opinion that this system is wrong and that it opens an avenue of graft and corruption, and since we are informed that the Directors of the Kings Daughters Hospital have voted not to accept any further money obtained by this method we urge that this system of collecting money be discontinued for any purpose not authorized by law.

We have examined the Court House and Jail and find both of same in excellent condition, except a few minor repairs or changes needed in the jail, which we are sure the Sheriff will attend to at once. We desire to thank Your Honor for your able and instructive charges and to congratulate you on the work you have been able to accomplish during this term of court. And now having concluded our labors we ask to be discharged.

APRIL ITINERARY COUNTY DEM. AGENT FOR 4-H CLUBS

Recommendation for Spring Planting Home Gardens—Guard for Insects.

Miss Peters announces her itinerary for April:

April 10—Kila, Catahoula, Lee-town.

April 11—Flat Top, Aaron Academy, Logtown.

April 12—Waveland, Lakeshore.

April 13—Dedeaux, Sellers.

April 14—H club rally at Bay St. Louis.

April 17—Leaders training meeting for Home Demonstration Women at Sellers school with Miss McAlpin, home demonstration agent, Harrison county in charge.

April 25—Home Demonstration Club—Logtown.

April 26—Home Demonstration Club—Leetown.

April 27—Home Demonstration Club—Loakeshore.

April 28—Home Demonstration Club—Sellers.

Since April is the gardener's busiest month, Miss Peters feels that a few garden hints would be in order. Now is the time to plant lima beans, pole beans, cucumbers, melons, squash and okra. Make at least 2 plantings of bush snap beans and sweet corn. Transplant tomatoes, peppers, eggplants; use a cloudy day; have beds prepared deeper than prepared for short rooted lettuce. If the tomato plants are leggy, dig a trench and lay the lower part of the stem in horizontal position, bending the top part of stem and leaves upward without breaking the stem. Put pint of water in each hole and set and pack. After the water has soaked into the soil, the surface around the plant should be covered with dry soil. Let but not least—watch for insects and diseases.

H. G. HILL STORES LEASE ALBERT DAVID'S BUSINESS, WAVELAND

Will Open Place Monday Morning With Complete Line of New Good.

H. G. Hill stores of New Orleans have leased the Groceria, Coleman avenue, Waveland, and will take active possession of same Monday morning April 2, opening with a new and complete stock. The rental deal was made through the real estate office of Mrs. A. J. Herbert, Clermont Harbor.

Mr. David will return to New Orleans where he plans to reside. Four years ago he purchased the present place of business from C. Mollere and has been successfully operating it ever since, preceding three years of business in Bay St. Louis. Later Mr. David exercised his option on the building and purchased it from Mr. Mollere.

Mr. David relinquishes the business for the reason he wishes to return to New Orleans, his original place of residence. He has made quite a nice success of the business and asks for the Hill interests a continuance of the patronage accorded him.

OIL EXPLORATION ON MISS. GULF COAST SLATED THIS YEAR.

Oklahoma Petroleum Organization Leases Water Regions From State for That Purpose.

Geologists are scheduled to start hunting for oil within six months in Mississippi Gulf Coast waters.

The state mineral lease commission yesterday leased to the Phillips Petroleum Company of Bartlesville, Okla., a total of about 780,000 acres of water bottom in the gulf, Mississippi sound and contiguous streams.

The company agreed to pay the state a bonus of \$61,200 for exploration rights and an overriding royalty of \$200,000 on each producing structure found.

It, in turn, must begin geophysical tests within six months and drill to a depth of at least 10,000 feet unless oil or gas is reached at a higher level or unless impenetrable formations are encountered. Another provision gives the company the right to stop drilling when salt domes are found at a depth of less than 10,000 feet. Structures deemed unproductive must be released immediately to the state.

Bids were received also from Westbrook, Thompson and Stewart, a Texas firm, and Ernest Cockrell of Houston, Texas.

CLERK A. G. FAVRE IS CANDIDATE FOR RE-ELECTION

Highly Efficient Official Formally Announces Candidacy For Office

A. G. (Red) Favre is formally announced in this issue of The Sea Coast Echo as candidate for re-election to the office of Circuit and Chancery clerk, Hancock County, subject to the action of the Democratic primary this summer.

Mr. Favre needs no introduction. He is one of the better known and more popular citizens of the county, known personally by practically every man, woman and child. He is recognized for the wide range of service his office offers and gives, and although assisted by a full and competent corps of workers, he personally supervises every transaction and gives his time to every caller at his office in the courthouse.

By virtue of his thoroughness and efficiency the affairs of the office are administered in a manner that has gained for him a high degree of prestige and recognition. The records in his office are considered in excellent condition by all who visit the office for the purpose of examining the public records.

Ability, coupled with experience, is a combined factor the worth of which cannot be overestimated, and in his re-election voters will return one to office whose thorough knowledge, ability and willingness to serve is a public asset.

Mr. Favre serves the people of the county in more ways than one. He is ever ready to be of service, and while called upon at all times to perform other duties than those strictly of his office, he never shirks and always finds time to be of particular help.

He is a candidate for re-election strictly on his merits. He has never been known to turn down any of the many who call at his office daily, possibly seeking other service than that directly pertaining to his office. In time of need is a friend in deed. This is well exemplified in this instance. Modest and retiring, he applies his service for the good of others, expecting no reward but the satisfaction of serving all who may be benefitted by counsel and suggestion and doing for others without hope of compensation. He does not seek nor expect it. He is the true friend of his fellowmen.

Hancock county and its people are exceptionally fortunate in having a man of this type in a position to serve the public as he does.

His official service as clerk of courts has received highest commendation from various judges on the bench and attorneys who practice before the courts in which he serves. With judicial and general public approval and a splendid record there is no reason why he should not be retained and in all probability will have no opposition.

Mr. Favre presents his candidacy for the consideration of voters strictly on his merits. And as such his fitness and past record well establishes a claim to which there is no argument.

In the last election he led the ticket by overwhelming number and our information is that he is even more popular now than then.

The owner of the building states work will begin as early as possible and will be finished for early summer. It will be constructed of concrete, brick and steel and made as close to fire-proof as possible, a permanent building in every way possible.

CIRCUIT COURT IN HANCOCK CONTINUES THIRD AND LAST WEEK

Two Accused of Manslaughter Acquitted by Jury—Two Juries Serving For Present Week—Resume of Court Proceedings Since Last Thursday to Wed. Night.

REACTION OF GOV. WHITE'S RECENT VISIT TO BAY ST. LOUIS

Member of the Distinguished Party Tells of the Trip And Places.

John Hancock, former attaché of the Jackson Daily News, now secretary to Governor White, and a member of the party visiting Bay St. Louis recently, writes the following in his daily column to the News. It will be read with interest because it gives, first hand, reaction of Governor White's visit to Bay St. Louis. Writing of the Bay St. Louis gardens he says they "would be show places anywhere in the world."

The article follows:

Back from a week-end on the Gulf Coast, taking in the Coast-wide "Pageant Week" sponsored jointly by garden clubs of the "Seven cities by the Sea" Governor White is more enthused than ever over possibilities of that section as an attraction for tourists. We saw gardens at homes along the Coast that none of us dreamed were in Mississippi—at least I certainly did not. We saw three large and beautifully arranged gardens with in a few blocks of each other in one city, Bay St. Louis, which would be show-places anywhere in the world. Owners in each case have taken advantage of the natural rugged beauty of the coast woods growth, and built gardens accordingly. Some day, one of those seven cities will take over enough property to build up a huge park along the lines of one of those gardens, and it will attract visitors from all over the world.

I guess of all the events we "took in" on the coast trip, probably the most unusual was the breakfast the "pirates" gave for our party at the old Jean Lafitte pirate house in Waveland, where the Bay St. Louis and Waveland garden clubs co-operated. The ancient house is supposed to have belonged to the famous pirate captain, and at one time had an underground tunnel from the basement out to the beach. The entrance is still there, but the tunnel itself has been filled in. The good women of the garden clubs, dressed in old fashioned costumes, and assisted by young ladies in pirate costumes, served the breakfast in the open basement of the home and were thronged with visitors. As the governor's party approached the house, two shiploads of pirates shot a salute to the governor; and Jean Lafitte and his crew swarmed down the pier—to present Mr. White with a gilded pirate chest that contained a pirate doll. Imagine our surprise to find that the pirate chief was none other than Charlie Moore who used to be a special auditor for the state and knew all the party.

Supervisor T. Ed. Kellar was a visitor to the office of The Echo a few days ago, and although an ever busy man, lingered awhile and chatted interestingly of affairs of the county. Reduction of county tax levies for two consecutive years, without changing the assessment save in instances where it was lowered, Mr. Kellar says has proven a boon to the people. In this way the Board of Supervisors has made it possible to assist the people financially. There is no doubt there has been a drastic reduction. In average instances tax-payers are now paying just about half of the amount formerly paid.

Then there is the refunding of bonds which will aid the county considerably, said Supervisor Kellar, by reducing the rate of interest and arranging maturities at a different date, thus giving the county a breathing spell, so to speak, of meeting the obligations. Refinancing the county has been quite a success and in a year, Mr. Kellar stated the county should again be on an active cash basis, paying its current obligations monthly.

Beat 5 (Bay St. Louis-Waveland, etc.) is the most important one in the county and it is well that it has been so ably and intelligently represented by Mr. Kellar, along with his associates. During the interview Mr. Kellar told The Echo he would again be a candidate for Supervisor and that in due time his announcement would appear in the columns of The Echo, and with his experience and ability as supervisor his constituents would do doubt return him to office.

John de Ben First Subscriber To Bay St. Louis Gas System

To Mr. John de Ben, 412 South Beach, has the distinction of being the first subscriber to the new Bay St. Louis natural gas system now in course of construction and to be ready by mid-summer.

Mr. de Ben deposited his \$5.00 meter charge, which will be refunded him in ten months by credit on gas bill of 50 cents per month. This is a substantial gesture of encouragement and the city appreciates such prompt response and manifestation of public-spiritedness.

City of Bay St. Louis has an advertisement in this issue of The Echo which is informative and of value to residents interested in gas for their premises.

City Commissioner W. L. Bourgeois says the outlook, according to inquiries, for the success of the system, is most encouraging.

FORCE ALONE WILL STOP HITLER.

WHEN Hitler came into power in Germany the Saar basin was the focus of possible international trouble.

After a plebiscite, by which France abided, the area was returned to Germany. Three months before Hitler had said, in the Reichstag, that once the question was settled Germany was "willing and determined" to accept the Pact of Locarno—once expected to assure in Europe.

One year later he sent German troops into the Rhineland, almost precipitating a war and, again in the Reichstag, declared, "We have no territorial demands to make in Europe."

In 1935 he said, "Germany has neither the wish nor the intention to mix in internal Austrian affairs, or to annex or unite with Austria."

In 1937 he said: "I wish to announce that the era of so-called surprises has been concluded." About a year later he threatened the almost-captive Schuschnigg to capitulate, under martial threat, and marched his soldiers into Vienna, annexing that country to Germany.

Then he said: "Germany wants only peace. She does not want to add to the sorrows of other nations."

Shortly afterward he pushed the Sudeten question to the fore and pursued it until September, 1938, when at Berchtesgaden he amazed Mr. Chamberlain by expanding his demands and when the powers forced the Czechs to yield, assured the British Premier that this was "the end of Germany's territorial claims in Europe."

Less than six months later he took advantage of defenseless Czechs and annexed their entire nation, although its territory was supposed to have been "guaranteed" as a result of the secession of the Sudetenland.

Last week he advanced again and acquired Memel.

Because his word is worthless and his assurances valueless the world naturally wonders what he will attempt next. No longer does he parade behind a formula if uniting Germanic peoples; now he works on the need if "living space."

No one knows where Hitler will stop but everyone knows that it will take armed force to stop him. Consequently, the only question for other nations to determine is where they will draw the line against surrender and let the Fuehrer march against a line of steel.

One way to have a lot of work to do is to put off everything until tomorrow.

AMERICAN LEGION.

THE Mississippi America Legion is engaged in an intensive drive for members throughout Mississippi. The Legion wants to lead the National Legionary parade again this year. The Legion had done a wonderful job of advertising Mississippi to the nation by capturing the coveted honor of leading a National Legion parade twice in succession. They are out this year to make it three in a row. We wish them the best of luck and success in their undertaking.

This is time of the year that many spring gardens get off to a good start.

MISSISSIPPI DAY AUGUST 15.

AMERICA will see the World of Tomorrow when the World's Fair opens this week in New York City. Building and exhibits have all been completed, and final arrangements are being made for the opening on April 1st. Fair officials have designated August 15 as Mississippi Day.

First thing you know the United States will have a modern army, ready to fight.

FOREST FIRE BREAKS.

ACCORDING to Director Fred Merrill, of the State Forest and Park Service, the results obtained from the use of fire breaks during February in Harrison, Jackson and Hancock counties, is very gratifying, according to Mr. Merrill, of 150 fires that occurred, 110 of them were stopped before reaching the fire break, 36 fires burned to the fire break and went out, while only 4 fires jumped the fire break before the forest crews arrived.

Don't be afraid of doing too much for the world; the more you do the bigger you become.

Governor White spent several days last week at Atlanta, Ga., attending the conference of southeastern governors which was in session there. The governor said that the big question before the conference was discriminatory freight rates prevailing in southern territory.

The state mourns the loss of Mr. W. C. McGee, father of Congressman McGee, who passed away last Sunday, March 19, at his home in Bude, Miss., following an illness of some length. Besides Congressman McGee, Mr. McGee, who was 82 years old, is survived by his widow, Mrs. Nora McGee, and two other sons, Dr. Claud McGee and Hollis McGee.

Those who have paid their income taxes won't have to worry about it again until next year.

JUDGE CORBAN'S INITIAL COURT.

AS The Echo is preparing to go to press Judge L. C. Corban is presiding and winding up the business of his first term of court in Hancock county.

That the Judge has made profound impression with all concerned with the business of the court is expressing it mildly.

He has proven himself a man of marked ability, of judicial temperament, impartial and considerate of every element of human rights and feeling, with a keen sense of the law and its application.

No man has occupied the circuit court bench of this district who instantly won favor like he. Lawyer and litigant alike, jury and witness, individual and the public in general unite in one expression of Judge Corban's exceptional fitness for the duties to which he has been called to discharge.

It is well known the business of our circuit court had accumulated over a long period of time as to mean for a congested docket. However, it did not take long for Judge Corban's way of ministering to the business of the court to accomplish in three weeks that otherwise would have seemed an impossible task to be performed in like given time.

It is to the credit of the district and its people that such judge presides over the destinies of their court. Veritably, a man of this temperament and ability, a man so close to human nature, well proves his value as a potential asset and we hope his services to our people will be available for many years to come.

TO DEFEND DEMOCRACY.

FOR many years the people of the United States have taken it for granted that democratic government had been universally recognized as the ideal and that progress would be marked by the gradual spread of democracy to include the nations of the earth.

No such assumption is warranted today. In fact, the aggressive tactics of modern dictators threaten to topple existing democratic regimes and to force people who enjoy popular self-government to yield dictatorial power to officials in order to meet the present crisis.

It begins to look like government by dictators will become fashionable, even if adopted solely as a weapon with which to fight autocracy. The situation can be blamed upon Germany, Italy, and Japan. Their use of force to achieve national ends has been facilitated by dictatorship in government.

The United States is setting its defense forces in order and the move comes none too soon. The speed with which nations are now being gobbled up permits no assurances that the future will be anything but an armed truce, with militaristic countries gobbling up the weaker nations whenever possible.

YOUR LIFE IS YOUR AFFAIR.

LIFE is not to be spent entirely in the pursuit of serious ends but neither should it be devoted exclusively to the pleasures of the moment.

The individual must, of necessity, consider the ultimate end of man even if the present condition of the human race compels attention to other than eternal objectives.

The organization of society today forces men and women to work for material gains. This pressure often causes some of them to forget that earning a living, important as it must be, cannot be the sole endeavor of individuals.

Many years ago it was spoken, "Man shall not live by bread alone," and the application of that admonition in shaping our earthly life should be diligently attended to by every one of us.

Men and women should not neglect their physical and mental development but neither should they overlook their spiritual advancement. Those who believe in the mortality of the spirit should be fortified against yielding to the temptations of the flesh.

VICTORY FOR PAT HARRISON.

OUR own Pat, Senator Harrison, has won another victory. This time a signal one over his arch-enemy, Senator Bilbo.

Press intelligence from Washington Monday is to the effect Mayor Roland B. Wall, of Brookhaven, acting works progress administrator for Mississippi since 1936, has been appointed administrator, effective April 1.

The message says "thus ends a long controversy evoked by the efforts of Senator Theodore G. Bilbo to remove Mr. Wall on the contention that he had 'played politics' with the post. Senator Harrison stood behind Mr. Wall in the dispute and maintained that WPA authorities in Washington were squarely behind the acting administrator because of his record."

It is well known Senator Bilbo had vowed that he would move heaven and earth, so to speak, in order to defeat the appointment of Mr. Wall as against Senator Harrison. It was a test of supremacy, of power with the administration and of Senator Harrison's standing and influence.

Senator Bilbo never fails to attempt to discredit Senator Harrison but to no avail.

THIS WRITING GAME NOT AN EASY ONE.

IN his delightful new book, "The Summing Up," Somerset Maugham observes that people of few ideas are prone to place an exaggerated value on what they produce.

Those who are engaged in publishing business know that it is actually distressing to interview the scores of people who, having strung together a few hundred words, conclude they are competent writers and that they are entitled to a place on a payroll. They have to be told that what they have written is no better and perhaps no worse than a professional writer grinds out every day of his life.

Artists and writers who aspire to do daily features for newspapers are usually told to submit as many as fifty sample columns or comics. Not until they have demonstrated that their fountain of ideas flows endlessly can they be taken seriously.

Arkansas last week followed Mississippi's example by making the 2 per cent tax a permanent tax levy. The tax would have expired in June this year.

Hollywood Notes.

LOUIS Bromfield's "And It Came True," which was originally acquired by Warners for Dick Powell and Gloria Dickson has been re-cast with James Stewart, Ann Sheridan and Humphrey Bogart as the leading players.

Joan Crawford will play the lead in "Witch of the Wilderness." It is the story of a rich yachting party, shipwrecked on the South American coast.

A French film company which will make English language films in Astoria will use as its first story Charles Norris' "Bricks Without Straw." Sylvia Sydney is to have the leading feminine role.

Tyrone Power will have the part of Major Saffi in Louis Bromfield's "The Pains Came." Myrna Loy and George Brent are the other principle players.

Jean Arthur has been assigned to Clarence Budington Kelland's "Arizona," which she will start as soon as she finishes "Mr. Smith Goes to Washington."

Jackie Coogan will have a part in "Million Dollar Legs" which features his wife, Betty Grable.

Lionel Stander is enjoying a holiday cruising down to Panama. He will return to Hollywood the last of this month to play the detective in "What A Life."

Binnie Barnes spent her vacation in New York and Havana, Cuba. When she returns to Hollywood she will start work in "He Married His Wife" with Warner Baxter.

Robert Donat is to be featured in a re-make of "Beau Brummel" by Metro. The picture may be produced in London as Warners and Edward Small threaten the actor by an injunction if he attempts to work for another studio in the United States.

Columbia has stopped the picture "Our Wife." Cary Grant withdrew from it and later on Loretta Young refused her part.

King Vidor, who made "The Citadel" last year, has been put in charge of "Northwest Passage." He will finish the picture which was begun last summer.

Irving Berlin has written six new songs for "Cupid Goes to Press." Only one is for the jitterbugs as Mr. Berlin thinks that swing is on the way out.

Deanna Durbin's real interest for the future is grand opera and not the movies.

The man who is to play the part of Frank Kennedy, second husband of Scarlett O'Hara, is Carroll Nye. Until a few months ago he was the radio editor of a Los Angeles newspaper.

John Howard received a Phi Beta Kappa pin for scholarship when he was at Western Reserve University in Cleveland. He intended to teach English when he finished, but when finances made it necessary to leave school he came to Hollywood, having been spotted by a talent scout in a campaign show. He plays the part of an assistant high school principal in his next picture, "What A Life."

Madeline Carroll bought a French chateau, eighteen miles from Paris, on her last visit to France. She is having it remodeled and plans to use it for her vacations and as a refuge for the Little Sisters of the Poor.

In filming "Stanley and Livingstone," the make-up men had quite a problem to match up real natives with one back home when they shot some of the scenes on the lot. The American negro women refused to shave their heads as the Masai tribe in Africa do and it was only after rubber coverings were made that could be pulled over the wearers' heads, that production was resumed.

JUNIORS AND SENIORS DISCUSS PLANS FOR ANNUAL PROMENADE

College Set Plan for Biggest Time Yet—Orchestra From New Orleans.

Though rather early for the annual Junior-Senior Prom, the Juniors have been discussing all the necessary things to stage the biggest Prom yet. At present, discussions have been limited and general, and most of the attention has been centered on the collection of the dues required from each Junior, says the current number of St. Stanislaus Rock-A-Chaw semi-monthly publication.

Robert Harless, active Junior, this not an officer has taken the initiative in the movement for the dance in which the Juniors honor the Seniors. Regular meetings are held once a week, and Robert Harless has been chairman, officiating at the sessions. A Decoration Committee has been appointed and Augustin Quintero has been placed in charge. Plans for decorating the gymnasium are going over on a large scale. Last year's decorations brought the most favorable comment in years. This year's Juniors plan bigger things. The gym will be decorated in an extravagant and clever way. Since all discussions have not been definitely settled, it would be useless and inaccurate to give a detailed description of the plans under consideration. However, you can rest assured that it will be something that will excite comment.

The question of acquiring a popular band has been a topic under consideration. It is expected to bring a swing band that is not known around the Coast. Most probably a New Orleans band will serve for the occasion.

In the past, Coast bands were usually contracted for the night. A much larger and more popular band from a larger city will furnish the music this year, it is planned.

Since the prom is almost a month and a half away, the date has not been definitely settled. However, it will be within the first two weeks of May.

The question of whether other students rather than Juniors, will be included, has been settled. No lower classmen will be admitted into the dance. This will be solely for Juniors and Seniors.

(To be concluded)

FOUR NEW HIT TUNES IN "PARIS HONEYMOON"

Four of the season's big hit tunes—written by the master tunesmiths, Robin and Rainer, will be heard in the Bing Crosby manner in the new comedy romance, "Paris Honeymoon," which brings Bing back to the A. & G. Theater on Sunday next.

They are "You're a Sweet Little Headache," "I Have Eyes," all of 'em, with generous assists from Shirley Ross, the "Thanks for the Memory" girl from "The Big Broadcast of 1938" and "Thanks for the Memory," and Francisca Gaal, whose first American appearance was in the Cecil B. DeMille epic "The Buccaneer." The music also provides background for some novelty and folk dancing, performed by several Hollywood troupes.

"Paris Honeymoon" is the gay story of a young American millionaire, played by Bing, who is just about to get married to Shirley Ross when he discovers that there's a little matter of a divorce which Miss Ross forgot to take care of. To expedite things, he goes to Paris and then to a Balkan state known as "Pustalnick" where Akim Tamiroff is everything from Mayor to slot machine operator and many things between. "Pustalnick" is also the home of the lovely little peasant girl, Manya, played by Miss Gaal. Bing falls in love with her!

The comedy in "Paris Honeymoon" is, mainly concerned with Bing's efforts to free himself from Miss Ross—from whom he doesn't want to be free—and his efforts to win Miss Gaal—whom he doesn't want to win at all.

The big cast boasts of Edward Everett Horton, Ben Blue, Keith Kenneth, Grete Meyer and many other noted comedians.

STANISLAUS COLLEGE TENNIS COURTS PUT IN SHAPE FOR SPRING.

Brother Julian, with the help of several of the tennis lovers, has been busy for quite a while now, fixing up the tennis courts for the coming spring and summer seasons. The center court has been filled with fresh clay, and the other two will be repaired in the near future.

After the Easter holidays, when boxing and basketball have passed, the students turn their attention to the tennis courts. It is only fitting and proper that since tournaments are had practically every month by the students, the courts should be in tip-top shape. "It feels good to play a couple of sets of tennis and then take a little swim," the students say.

Brother Ephrem Turned Baseball Coach To Stanislaus Juniors

Brother Ephrem in the past month has kept his boys very busy in baseball and to furnish his boys with the necessary equipment he has had raffles by which he raised the money to buy the necessary equipment. Since the beginning of the baseball season, Brother Ephrem has formed leagues among his group and has kept the little boys busy for the past three weeks by means of thrilling games daily. Every boy is required to play this keeping him in a good physical condition. Coach Brother Ephrem, to make sure that every boy goes out for some sort of sport, has brought in tennis.

The little Juniors are really proud of their latest purchase, which consists of a catcher's mitt, several first-class baseballs, good bats, a mask, and a good chest protector.

Rev. Patrick Moran Delivers Lenten Talk At DeLisle Church.

The Rev. Patrick Moran, of Bay St. Louis, delivered the Lenten sermon at the church of Our Lady of Good Hope, DeLisle, on the evening of Thursday, March 23, to one of the largest congregations to pack the church. He spoke of the first precept of the church, the synopsis of which sermon follows:

Sacrifice in some form or other was offered up in every age in acknowledgment of a Supreme Being—even offered up by the most savage tribes.

The great sacrifice of the Old Law was that of the Paschal Lamb. This sacrifice was only symbolic of the perfect sacrifice that was to replace it in the New Law—the Holy Sacrifice of the Mass.

The obligation imposed on the faithful to assist at this sacrifice is very grave. Bound under pain of mortal sin to assist on all Sundays and Holydays of obligation. We should always obey this precept of the church conscientiously.

The speaker for Thursday night of this week is the Very Rev. H. A. Spengler, of Gulfport, who was selected to speak at the centenary of the Catholic diocese of Natchez.

Speakers for the series of Lenten sermons at the church at DeLisle included: Rev. Stephen Sweeney, H. J.; Rev. Father Aphonse Hotze, S. V. D.; Rev. Joseph Hennessey, S. S. J.; Rev. Leo F. Fahey, of Bay St. Louis; Rev. Patrick Moran, Bay St. Louis.

Rev. Father Sorin, who has been pastor at DeLisle for the past forty-three years, is thanking all good priests coming to his assistance, and aiding in his labors in the Master's vineyard. He is profoundly grateful and expresses gratification at the fact many people attend these Lenten exercises—crowds to overflowing.

INFORMATIVE CIRCULAR.

For Connections to Natural Gas System.

TO PROSPECTIVE CONSUMERS OF NATURAL GAS:

Our City is installing a Natural Gas System, which we expect to be completed in about sixty days. It is necessary, at this time, to determine who will subscribe for the use of this fuel, as the City must necessarily make provisions to install a meter, regulator and service pipe to serve you.

This outlay entails an expenditure of \$60 per consumer, and of course we do not wish to make the provisions required unless you desire to be served. There are a certain number of connections we can budget for accordingly, after these customers have signed for the use of gas, the cost of additional connections will have to be borne by the subscribing consumer.

We are conducting a campaign to get consumers on this Natural Gas System, owned and operated for your city and belonging to you. This is your plant, and its successful operation depends upon the sale of gas, so we ask that you subscribe for its use at this time. In that way, we shall know where to install these connections and reserve the pipe, meters and regulators for your requirements.

You are asked to make a deposit of \$5 at the time of your signing the connection agreement. This deposit will be refunded to you at the rate of \$0.50 per month; in ten months you will have received your entire deposit. If you own your property, if you rent or lease, it will be returned when service is no longer used. The deposit will be credited each month on the invoice for gas.

This is the only way we have to insure the use of gas for ten months. In the event you are occupying a business establishment and propose to use gas next winter only, the deposit will be accepted

—The property No. 202, Union street, was purchased this week by John Damborino, attaché of The Sea Coast Echo, who is already having the property renovated for his own family occupancy. The dwelling is one-story, attractive bungalow and was formerly the property of the Hancock Bank.

—Miss Madalyn Petersen English Lookout is now in the employ of the Lydia Bell Beauty Shop, 140 Main street. Miss Petersen is a graduate of the Nichols Beauty School in New Orleans and had special training in manicuring. Miss Petersen will be glad to receive old and new patrons at her new location.

—Funeral services for Mr. Henry McCave took place Friday morning from the Fahey Funeral Home, with ceremonies of the Catholic faith. The remains were conveyed to New Orleans by the Fahey auto hearse and were accompanied by friends from Bay St. Louis, including the Rev. Leo F. Fahey, the Rev. Patrick Moran, Miss Agnes Shannon and Miss Lottie Cuneo.

—Mr. and Mrs. Jack Bosarge are welcomed back to Bay St. Louis to make their home in Bay St. Louis after spending several months in business pursuit at Gulfport. Mr. Bosarge has taken charge of the meat market at Loiacano's store, Nicaise avenue, where he will be glad to greet his old customers. The family have leased the cottage in Keller avenue recently purchased by A. B. Vassalli.

—Mr. and Mrs. George R. Rea left Saturday morning by motor for Wesson, Miss., to visit Mr. and Mrs. James S. Rea, under the parental roof, and from which point Mr. Rea continued by rail to visit several Southern colleges in the interest of Kappa Sigma fraternity which he represents nationally. Mr. Charles Traub, Jr., represented Mr. Rea during his absence this week at the Peoples Federal Savings and Loan Association.

—Mrs. S. T. Wilson, resident of Spickard, Mo., accompanied by her brother-in-law and sister, Mr. and Mrs. O. B. Coward, residents of Kansas City, left here Thursday morning of this week, by way of New Orleans, homeward bound. This delightful trio spent three months here at the Tulane Apartment hotel, and it was with reluctance they left, promising, however, to return next season so delighted are they with Bay St. Louis and the Coast generally.

—Mrs. Albert Biehl and Mrs. George Seuzeneau recently returned from Meridian, where they attended the State meeting of the Women's Benefit Association as delegates. They were among the number from Bay St. Louis that journeyed to New Orleans Friday to attend the banquet given in that city in complimenting the national president, Mrs. Bena West Miller, of Port Huron, Michigan. The local order of W. B. A. is active and flourishing.

Mr. Cuevas is well and popularly known, a son of Mr. George Cuevas of Fenton, and his return is generally welcomed. The family are residing at an apartment in Hill Top, South Beach.

—Mrs. Edward Heitzman, who resides at No. 121, Sycamore street, has a hen that laid an egg the other day similar in shape to an incandescent electric light globe. It could not have been more perfectly shaped or done by hand. Strange as it may appear, Mr. Heitzman is an electrician and there are many surmises and theories advanced—all in jest, of course. However it is quite a curiosity. It is the only one of its kind this particular hen has laid.

—Mr. and Mrs. Horace V. Toulme, and daughter Miss Madeline Toulme, and their son-in-law and daughter, Mr. and Mrs. Wilmer Frink, the latter couple residents of East St. Louis, were here from Odlin, Ills., visiting relatives at Gulfport the past few days. During their sojourn on the coast they visited relatives and friends in Bay St. Louis. Mr. Toulme, merchant at Odlin, tells of the rapid development of that section of Illinois since oil has been struck in the immediate vicinity and lowland valleys have gone sky high. A mining section, on the decline, oil and gas development take the place in double measure of the former industry.

AN APPRECIATION.

HIGH TAXES

I set where income tax collections are about twenty-five per cent short, and a new tax bill is in the offing. It's a funny thing, but Congress forgets it, and that is that the higher the tax the less the income. And if the government wants to get more money from income taxes it will have to take less from other taxes.—Greenwood Commonwealth.

FAILURE

A south Mississippi corporation failed a few days ago, having lost \$15,000 on its operation last year, and an audit of its books shows that it paid \$10,000 in Social Security taxes. More than a hundred men are now idle. A promising industry has been lost to the community. And this is only one instance in which excessive taxation has been the determining factor in the south's struggle to balance agriculture with industry.—West Point Times-Leader.

—Ed Arceneaux, of Arceneaux Super Service Station says, "Springtime is change time. Warmer days ahead. Have your car in tune with the season. Let us drain your crankcase. Get rid of winter's thin, worn, dirty oil and refill with the correct grade of fresh Golden Shell Motor Oil. Complete lubrication will put fresh lubricants in every vital point. No doubt about it, Spring Cleaning time is here and your car should head the list. Come in! Let us take care of your car's needs and put it in shape to give you real performance."

—Following the recent pageant, members of the local executive committee, immediately called a meeting at that particular meeting and paid off obligations. It is no wonder the enterprise was a success, with such prompt and business-like procedure. Here we find a very capable group of ladies who accomplished a task in thorough fashion—creditably and to the everlasting glory of the community.
